

WestNiagara

Secondary School

January 30th, 2024

Wolfpack and Families,

Congratulations on a successful finish to Semester One.

I'm writing with a few reminders as we start into Semester Two tomorrow, Wednesday January 31st.

1) Timetables

- a) Students are expected to follow their timetable, even if they are waiting to see guidance around a course change
- b) If you are not in class, and guidance calls you down, it will take longer to get your appointment

2) MSIP

- a) MSIP is not optional, and students are expected to attend their own MSIP
- b) We recognize that MSIP may not be as obviously useful at the beginning of the semester, but students are encouraged to use this time to get themselves organized, do reading for their courses, look at future pathway planning etc.

3) Signing Out

- a) A friendly reminder that parents are are not able to sign students out of classes to go to other areas of the building (e.g. library, caf). If you sign out, the expectation would be that you are leaving the school for a reason.

We are all very excited for Semester Two to begin! Semester two goes very quickly, and is busy with many holidays and activities. Work hard at your classes right from the beginning and take part in extracurricular activities that you enjoy!
